\*\*\*Annual percentage yield on compounded certificates assumes that interest will remain in the certificate for the full term. You may have your interest paid to you periodically if you prefer, but the annual percentage yield will change if you do this. Interest can be paid to you periodically by either check or by electronic transfer.

18 Month CD after the first 7 days following account opening, one withdrawal of either all or part of the account will be allowed with no penalty. After this one withdrawal, normal penalties will be assessed for any additional withdrawals prior to account maturity.

**A substantial early withdrawal penalty may be imposed on all time accounts if closed prior to maturity. Fees or penalties could reduce earnings on accounts.**

**On the 30 Month RAD CD and the 48 Month CD, a 270 day interest penalty will always be charged if the account is closed prior to maturity.**

**INDIVIDUAL RETIREMENT ACCOUNTS**

All of the certificates above are available to our IRA customers. The IRA certificates will bear the same rates as provided above, but will only be available as compounded interest certificates.
