## Queenstown Bancorp of Maryland, Inc.

To Fellow Stockholders:
"True progress quietly and persistently moves along without notice."
-St. Francis of Assisi
While 2017 was a year of change for the Bank, 2018 was a year of progress. Much of this progress, however, may be subtle as the Bank continues to push to prepare itself for the future while remaining focused on its customers and community. The Bank truly understands that progress cannot be made at the expense of these two vital components of a successful local community bank. The subtle progress includes such projects as infrastructure/systems upgrades, purchases of new technologies, updating of policies and procedures and hiring new people who will help prepare us for the future. Some progress has been much more visible such as our new logo and signage. The new logo was designed to give the Bank a fresher, more "current" feel and all the feedback to date has been very positive. At the same time, we added two new LED signs that helps us to keep our customers current on the Bank’s products and services as well as events in the community.

On the financial front, the Bank and Holding Company had an outstanding year in 2018. We continued to see growth in Net Income, Equity and Book Value and saw improvement in our Return on Average Equity (ROAE) and Return on Average Assets (ROAA). We saw growth in our core deposits and modest growth in our loan portfolio. Net income for 2018 was $\$ 7.228$ million, an increase of $\$ 1.983$ million from 2017, a $37.8 \%$ increase. These earnings resulted in a $1.53 \%$ ROAA and $12 \%$ ROAE. Net income per share increased from $\$ 4.20$ to $\$ 5.99$ per share in 2018. Net interest income increased $\$ 779$ thousand to $\$ 18.901$ million for 2018. The provision for loan losses was $\$ 300$ thousand for 2018, compared to $\$ 600$ thousand for 2017. The Company continues to maintain a very attractive Efficiency Ratio, the industry standard for effective expense control, at 49\%. Stockholders' equity at December 31, 2018 increased by $\$ 2.87$ million to $\$ 61$ million from December 31, 2017. The Bank remains very well capitalized with the ratio of common equity to assets increasing from $12.15 \%$ at December 31, 2017 to $12.95 \%$ at December 31, 2018. Book value per share was $\$ 51.30$ at December 31, 2018, up $\$ 3.94$ from December 31, 2017, representing an increase of $8.31 \%$.

Because of this strong performance, we were able to reward our shareholders with an increased dividend in 2018, increasing it from $\$ 1.25$ per share in 2017 to $\$ 2.25$ for 2018.

As we look forward to 2019, we have a positive outlook about the strength of our community and the position of the Bank. The Bank is well positioned for growth in the coming year, the overall economy is performing well and interest rates have stabilized - all positive signs for the banking sector. In addition, we are continuing with our investments in the Bank to prepare it for the future. We will complete our ATM upgrade project, invest in our branch facilities, introduce new deposit products, and enhance our digital banking platform. This outlook is not completely free of some concern about the economic and political environment in which we live. Factors that are out of our control, and the control of our customers, can have a great impact on our market, whether it be interest rates, tariff challenges, an economic slowdown or weather. While the Bank's credit quality remains satisfactory, we are monitoring the portfolio closely as 2018 was a very difficult year for many of those in our community who were impacted by some of these factors.

We will continue to quietly and persistently make progress in 2019 so that we can serve our community far into the future with great products and services. In 2019, the Bank will also celebrate its 120th year of serving the upper shore community from its original location on Main Street in Queenstown as well as its other seven locations. We plan to continue to do this with a smile on our face, an extended hand and a willingness to commit to being the finest community bank on the shore.

We appreciate your continued support and welcome your feedback. Please feel free to refer us to a friend or acquaintance who is looking for the kind of local bank that you have found here at Queenstown Bank. Please feel free to contact us at 410-827-8881.

Yours truly,

Kevin B. Cashen

## SUMMARY FINANCIAL RESULTS

For the year ended December 31, 2018 net income was $\$ 7.23$ million, compared to net income of $\$ 5.25$ million for the year ended December 31, 2017. Net income per common share increased from $\$ 4.20$ for 2017, to $\$ 5.99$ for 2018 , an increase of $43 \%$. The significant increase in net income combined with our strong capital position resulted in a dividend per share increase of $\$ 1$, from $\$ 1.25$ per share for 2017, to $\$ 2.25$ per share for 2018.

## Net interest income

Net interest income increased from $\$ 18.1$ million for 2017, to $\$ 18.9$ million for 2018. The yield on earning assets increased from $4.43 \%$ for 2017, to $4.63 \%$ for 2018. Interest bearing deposits costs rose slightly from $.66 \%$ for 2017 , to $\mathbf{. 6 9 \%}$ for 2018 . Growth of lower cost non-maturity deposits reduced the funding dependancy on higher cost certificates of deposit.

Provisions for loan losses and allowance for loan losses
Provisions for loan losses were $\$ 300$ thousand for 2018, compared to $\$ 600$ thousand for 2017. (See Table 3: Allowance for Loan Losses)

Net recoveries of loans charged-off were $\$ 369$ thousand for 2018, compared to net charge-offs of $\$ 1.2$ million for 2017. This significant improvement in our loan loss performance lead to the reduction in loan loss provisions.

## Noninterest income

Noninterest income, excluding other real estate owned gains (losses), was $\$ 1.2$ million for 2018 and $\$ 1.1$ million for 2017. Service charges on deposit accounts increased $\$ 13$ thousand, from $\$ 621$ thousand for 2017, to $\$ 634$ thousand for 2018. Other income was $\$ 572$ thousand for 2018, compared to $\$ 481$ thousand for 2017.

## Noninterest expenses

Noninterest expenses increased $\$ 363$ thousand for 2018, from $\$ 9.59$ million for 2017, to $\$ 9.91$ million for 2018. Our efficiency ratio, the cost of producing $\$ 1$ of revenue, improved slightly from $\$ .50$ for 2017 to $\$ .49$ for 2018. Our efficiency ratio of $\$ .49$ is significantly lower than our FDIC peer group efficiency ratio of \$.64.

## Income taxes

Income tax provisions are primarily adjusted for non-taxable income before applying applicable federal and state income tax rates. Included in income tax expense for 2017 was a $\$ 400$ thousand writedown of our net deferred tax assets, resulting from the passage of the new tax law in 2017. The new tax law reduced the federal corporate tax rate from $34 \%$ to $21 \%$, thereby reducing the benefits of future deferred tax deductions. The impact of the new corporate tax rates resulted in a reduction of income tax expense of $\$ 1.3$ million, from $\$ 4$ million for 2017 to $\$ 2.7$ million for 2018.

## FINANCIAL CONDITION

Total assets were $\$ 465$ million at year end 2017 and year end 2018. The loan portfolio increased from $\$ 377.6$ million at December 31, 2017, to $\$ 381.9$ million at December 31, 2018. Liquidity remains strong with $\$ 47$ million in short term interest bearing deposits with banks that will provide for future loan growth as prudent opportunities arise. (See Queenstown Bancorp of Maryland, Inc. and Subsidiary Consolidated Balance Sheets Page 1 and Table 1 Average Balances and Net Interest Income Analysis)

## Deposits

Total deposits at December 31, 2018 were $\$ 401.8$ million, a decrease of $\$ 2.7$ million, from $\$ 404.5$ million at December 31, 2017. The mix of our deposits improved significantly, as demand and non-maturity interest bearing balances grew $\$ 15.3$ million. This significant core deposit growth contributed to a very modest increase in the cost of funds for interest bearing deposits. The cost of total interest bearing deposits increased from $.66 \%$ for year end 2017, to $.69 \%$ for year end 2018. Non-maturity transaction and savings accounts comprised $61 \%$ of total deposits at December 31, 2018, compared to 56\% at December 31, 2017. (See Table 6: Deposits).

## Capital levels

Stockholders' equity increased $\$ 2.8$ million, from $\$ 58.1$ million at December 31, 2017, to $\$ 60.9$ million at December 31, 2018. The increase is comprised primarily of net income less cash dividends and share repurchases of $\$ 3$ million. For the Company, the Tier I ratio decreased 7 basis points, from $17.46 \%$ to $17.39 \%$. The total capital ratio decreased 7 basis points, from $18.71 \%$ to $18.64 \%$. The common equity leverage ratio increased 80 basis points, from $12.15 \%$ to $12.95 \%$. (See Table 7: Stockholders' Equity)

For the Bank, the Tier I ratio decreased 7 basis points, from $17.45 \%$ to $17.38 \%$. The total capital ratio decreased 7 basis points, from $18.71 \%$ to $18.64 \%$. The common equity leverage ratio increased 80 basis points, from $12.15 \%$ to $12.95 \%$. All Bank capital ratios exceed the regulatory capital definition of well capitalized. (See Table 7: Stockholders' Equity)

## OTHER LIABILITIES AND

STOCKHOLDERS' EQUITY

(1) The taxable equivalent basis is computed using applicable federal and state tax rates.
(2) The average loan balances exclude nonaccrual loans.
(3) The average balances for debt and equity securities exclude the effect of their mark-to-market adjustment, if any.
(4) Net interest margin is computed by dividing net interest income by total earning assets.
(5) Interest rate spread equals the earning asset yield minus the interest-bearing liabilities yield.

## TABLE 5: CRITICIZED LOANS

The following table summarizes the loan risk ratings applied to the Company's real estate mortgages and commercial loans as of December 31, 2018 and 2017. Criticized loans are considered inadequately protected by the current paying capacity of the borrower or of the collateral pledged, if any. These loans have weaknesses that may jeopardize the liquidation of the debt. Loans not meeting the definition of criticized are considered pass rated loans.

## TABLE 7: STOCKHOLDERS' EQUITY

The Company and the Bank are subject to various regulatory capital requirements. Failure to meet minimum capital requirements can initiate certain mandatory - and possibly additional discretionary - actions by regulators that, if undertaken, could have a direct material effect on the Company's and the Bank's financial statements. Regulatory non-objection may be required to pay certain dividends. Under capital adequacy guidelines and the regulatory framework for prompt corrective action, the Company and the Bank must meet specific capital guidelines that involve quantitative measures of the Company's assets, liabilities, and certain off-balance sheet items as calculated under regulatory capital practices. The Company's capital amounts and classification are also subject to qualitative judgments by the regulators about components, risk weightings, and other factors.

Quantitative measures established by regulation to ensure capital adequacy require the Company and the Bank to maintain amounts and ratios (as set forth in the following table) of total and Tier 1 Capital (as defined in the regulations) to riskweighted assets (as defined). As of December 31, 2018, the capital levels of the Company and the Bank exceed all capital adequacy requirements to which they are subject.

As of December 31, 2018, the most recent notification from the Bank's primary regulators categorized the Bank as well capitalized under the prompt corrective action regulations. To be categorized as well capitalized, a bank must maintain a minimum total risk-based, Tier I risk-based and Tier I leverage ratios as set forth in the following tables. There are no conditions or events since the last notifications that management believes have changed the Bank's category. Actual capital amounts and ratios are presented in the following table for the Company and the Bank.

## History

Queenstown Bank of Maryland is located in the town of Queenstown, in the State of Maryland. Queenstown Bank of Maryland was incorporated April 19, 1899, and officially opened for business on July 1, 1899. We are currently the second oldest locally established bank in Queen Anne's County. Originally it was known as Queenstown Savings Bank of Queen Anne's County, the name was changed to Queenstown Bank of Maryland by the actions of the Maryland State Legislature in 1910.
